RESIDENTIAL AND COMMERCIAL LANDSCAPING DESIGN & RENOVATION

Residential

LPS provides complete landscape and hardscape design, renovation and installation. We can help you create a personal oasis of rich foliage and inviting spaces that are perfect for relaxing or entertaining. Professional service and written estimates combined with years of experience in plant selection and placement give you the garden you've always wanted at a price you can count on. Residential services include:

- Complete site assessment
- Design planning and recommendations
- Redesign/reconfigure
- Purchase and install plants and foliage
- Pruning
- Follow-up services

Commercial

Let LPS enhance your business entrance and grounds with professional plantings and hardscapes. Products include:

- Site review and recommendation
- Design and installation
- Maintenance
